

## Wayfarers Ltd – Environmental Policy

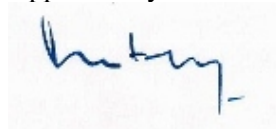

At Wayfarers Ltd, we are committed to preserving Sri Lanka's natural beauty and ecological richness while providing responsible and meaningful travel experiences. As a leading inbound travel specialist, we recognize our responsibility to protect the environment and minimize the negative impacts of tourism through sustainable practices and continuous improvement.

The following principles guide our approach to environmental sustainability:

1. We are committed to preserving Sri Lanka's natural beauty and ecological richness while offering responsible, meaningful travel experiences.
2. We regularly monitor our environmental performance and set measurable goals for improvement.
3. We aim to reduce the consumption of electricity, water, and other natural resources in our office and tour operations.
4. We follow the principles of reduce, reuse, and recycle.
5. We avoid the use of single-use plastics in our office and on tours.
6. We promote the use of low emission transport options wherever possible.
7. We actively support biodiversity conservation by promoting nature-based tourism and collaborating with partners who respect and share our environmental values.
8. We do not promote or support tourism activities that harm wildlife or ecosystems (e.g., elephant rides or hatchery turtle releases).
9. We Support conservation projects and responsible wildlife tourism that contribute to restoring and protecting natural ecosystems.
10. We educate and engage our staff, clients, suppliers, and local communities to adopt environmentally responsible practices and behaviors.
11. We provide travelers with environmental tips and responsible travel guidelines before and during their trips.
12. We review and update this policy annually to remain aligned with global best practices in sustainable tourism.
